

Schedule "A"

**OBJECTS
OF
FOREST HISTORY ASSOCIATION OF ALBERTA**

The objects of the society are:

- a) to act, encourage and participate in those activities which will promote the recognition, preservation, display, understanding, and development of the history of forestry in the Province of Alberta.
- b) to research and study the history of forestry in the province of Alberta, and make available to the public the findings of the Forest History Association of Alberta;
- c) to acquire, improve, collect, store, loan, display, dispose of, preserve and develop items, materials, documents, interviews and other assets of value in presenting and conserving the history of forestry in the Province of Alberta, including the provision and operation of facilities for the purpose of doing so;
- d) to provide a forum for the public and others for contact and communication in respect of the history of forestry, in Alberta;
- e) to assist in the advancement of education as it relates to the history of forestry in Alberta including but without limiting the generality of the foregoing, conducting historical research, providing and maintaining museums and public galleries and displays, providing forest history information and other materials by way of display, publications or other distribution venues for the benefit of the community and in furtherance of the objects of the society;
- f) generally to do all such things as are incidental to or conducive to the attainment of the objects and the exercise of the powers of the society;
- g) for the purpose of this Application, the word "Forestry" shall have the widest possible definition and in the case of dispute, Forestry shall be deemed to mean: the science, art and practice of creating, managing, using, and conserving forests, their ecosystems and associated resources for human benefit in a sustainable manner to meet desired goals, needs and values, including water, fish and wildlife, grazing, recreation and the service functions of the forest, as well as the milling, manufacture, transportation, distribution and sale of trees, timber, logs and wood products and the supply of goods and services thereto.
